Experience

Brightwater Labs · Senior Product Designer New York, NY · 06/2021 - present

A fintech app for renters: utility bills, payments and autopay, used by 400,000 people; plus a dashboard for property managers.

- Redesigned onboarding and autopay setup; completion rose from 41% to 68% and autopay enrollment doubled in one quarter.
- Designed the bill-forecast feature, now used by 120,000 renters each month.
- Led design of an AI bill explainer that answers "why is my bill higher?" in plain language; support tickets fell 23%.
- Designed the property-manager dashboard (payments, reconciliation, data tables) for 1,800 buildings, from research to launch.
- Built the design system: 210 Figma components with matching React tokens, built with two engineers, plus its usage guide.
- Ran 30 interviews with renters and landlords and turned them into the 2023 roadmap with the product and engineering leads.

Northlight Studio · Design Intern Brooklyn, NY · 06/2020 - 08/2020

- Designed and prototyped a museum's ticketing kiosk in Figma; tested it with 12 visitors.
- Wrote the studio's accessibility checklist for client handoffs.
